

■ **New CCE Service (California - Central America Express Service)**  
**Asia to Central America - Service Improvement**

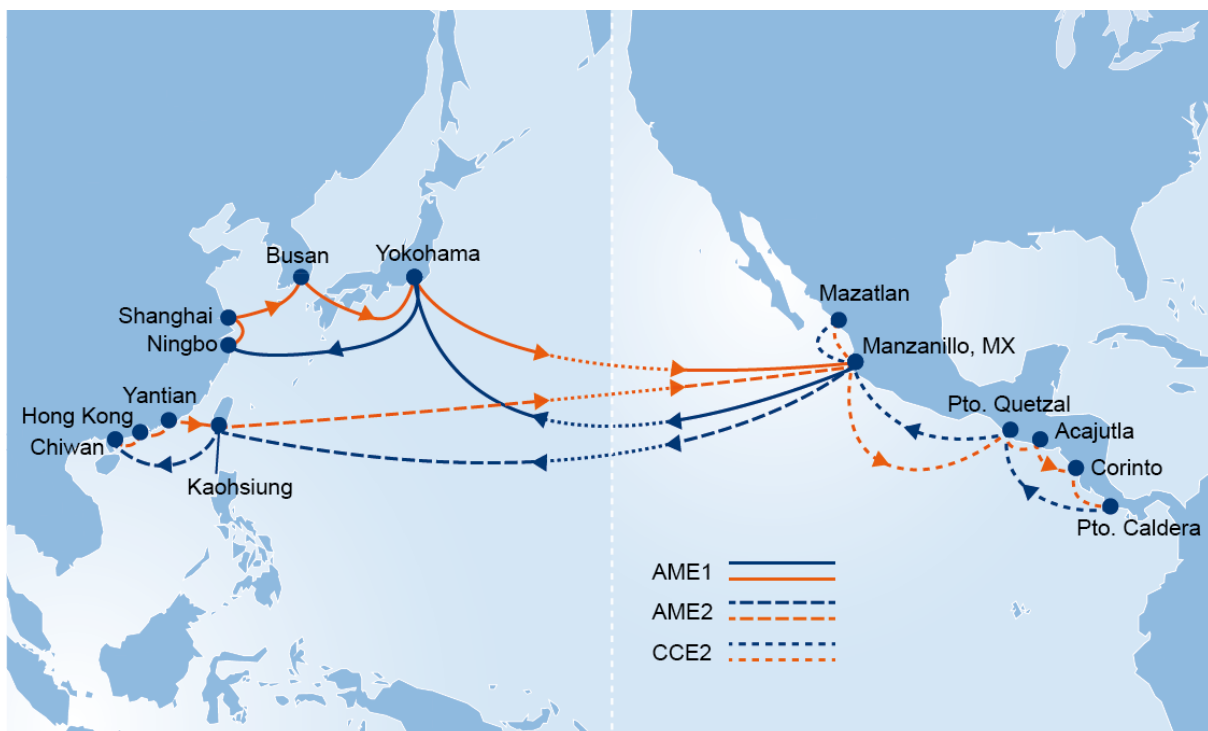

January 27, 2012

Dear Customer,

We are pleased to inform you that Hapag-Lloyd will start offering a new weekly service between California and Central America Westcoast, replacing our current MXC.

This service greatly improves the connection of main ports in Asia with the West Coast of Central America by means of relay via Manzanillo.

Main benefits include an enhanced port coverage in Central America as well as a new call at the Port of Corinto, Nicaragua with full connectivity to and from Asia.

First sailings **from Asia** connecting with this new service to Central America will commence as follows:

- AME2 Service departing from Hong Kong on February 11, 2012
- AME1 Service departing from Ningbo on February 17, 2012
