	Thereafter		ZAR	8,773

Calculation: commences at 00.01 the day unit has being discharged from vessel

Remarks:

South Africa has 2 demurrage codes as follows:

DMD for containers that remain at the discharge terminal. It excludes the Storages that are charged separately by Hapag-Lloyd. Calculation starts when unit has been discharged from the vessel until unit gates out full from Carrier's terminal.

DID for containers that upon customer's request are sent to an inland depot. It includes the Storage. Calculation starts from the unit gate in full at the inland depot until it gates out full from the inland depot.
