

# Area Germany

## and Central Europe

Explore seamless logistics with our Inland product – an end-to-end solution powered by a resilient transportation network. Our service links key locations and major container ports efficiently for cargo handling from/to hinterland ramps or through direct door delivery.

Our dedicated inland teams vigilantly oversee your shipment, providing valuable local expertise tailored to your needs. Annually, we handle hundreds of thousands of pre- and on-carriage shipments within our European North Port range, covering Hamburg, Wilhelmshaven, Bremerhaven, Rotterdam, and Antwerp.

Choose our inland products for a broad array of benefits, ensuring a smooth journey for your cargo.

### Your Benefits

- Tailored solutions aligning multiple transportation modes with your sustainability goals to meet your supply chain needs
- No Pick-up or Drop-Off fees
- Hapag-Lloyd is your dedicated point of contact, minimizing Demurrage and Detention costs throughout the transportation process
- Equipment prioritization for Carrier's Haulage shipments

### Our Offer

- Seamless multimodal network offering a wide range of single and combined products via Rail, Barge, and Trucks
- Local Customer Service Inland experts in your area for personalized support
- Efficient, easy and transparent: Make use of our online tool **Quick Quotes** for instant Inland rates
