

THINK BIG!

Extraordinary cargo.
Outstanding solutions.

Shipping special goods with Hapag-Lloyd.

YOUR UNIQUE GOODS IN THE BEST HANDS

At Hapag-Lloyd, we have been providing tailored solutions for unusually bulky and heavy cargo for almost sixty years. With a professional eye for seamless connections, innovative solutions, and the most elevated safety standards, we help you deliver on your biggest, heaviest, and tallest promises.

Many good reasons to ship with us.

TOP TIER NETWORK

Our global network of ports, trades and inland solutions, paired with state-of-the-art vessels and steadfast scheduling technology, ensures your big deliveries reach their destination without unnecessary hick-ups.

HIGHEST SAFETY STANDARDS

Our trained and experienced experts will accompany your special cargo during loading and unloading, ensuring the condition and value of your goods are protected at all times.

GLOBAL EXPERTISE

We have an unmatched track record of shipping special cargo and a dedicated team of experts worldwide. Professional dispatch, monitoring, and customer care are a matter of course.

MUCH-NEEDED FLEXIBILITY

One-off shipment or multiple consignments, pre-lashed or break bulk, flatrack, hardtop container, or platform – whatever your requirements, we will find the optimal solution for your project.

ECOLOGICAL AWARENESS

We continuously work on ways to decarbonize our fleet. For instance, with our biofuel solution, Ship Green, you have the option to reduce the carbon footprint of your shipments.

At a glance:

Our team orange for all big players.

No need to contain your excitement: Our special cargo products ensure safe transport for any freight on the extra-heavy, extra-long, and extra-high spectrum.

HARDTOP CONTAINERS

Our very own invention. The Hardtop container comes in three variants and offers multiple options to make loading faster, easier, and safer. With a watertight removable steel roof, you can be assured that your cargo will arrive dry.

OPEN TOP CONTAINERS

Our ideal solution for extra-high cargo. Goods can be loaded quickly and efficiently by crane. Featuring a removable tarp to protect against moisture and our specialized steel floor edition to accommodate particularly heavy loads.

FLATRACKS

Our heavy-load specialists. Designed to carry your heaviest cargo, our flat racks accommodate many types of pre-lashed and breakbulk cargo. The various lashing points on the longitudinal beams and front ends can be strained with up to 5 tons.

PLATFORMS

Our on-deck solution for all extra-long shipments with foldable end walls. Our experts are here to assist you with the loading process and utilize the most secure lashing point options to ensure your cargo is safe throughout its journey.
