

API Portal

Real-Time Data Exchange.
Seamless Integration.
Smarter Decisions.

Integrate API solutions into your internal systems seamlessly and access information in real-time. Take smarter decisions and drive supply chain efficiency. The API portal is your product catalogue for all available APIs to connect directly to Hapag-Lloyd's services.

Your Benefits

Integrated Functionalities

Integrate essential shipping services seamlessly into your own systems for faster and smarter decisions.

Real-Time Information

Get access to real-time data to automate data exchange between Hapag-Lloyd and your tools.

Self-Service Experience

Connect to APIs to meet your business requirements with minimum manual effort in every step of your journey.

What can you find in the API portal?

- Access to robust and reliable APIs ensuring performance and scalability
- Details on use cases and functionalities for each API product
- Most available APIs in compliance with DCSA standards
- Getting started guide, comprehensive documentation, FAQs & support
