Cargo Shield – FAQ

1. How does Cargo Shield differ from Quick Cargo Insurance?

Cargo Shield is not an insurance. It is an extended liability product, which provides an extra layer of security. It widens the carriage terms and conditions of our standard Bill of Lading in case of damage to your cargo.

2. What is the latest that I can purchase Cargo Shield?

Cargo Shield can be purchased up until 1 day before sailing from the first port of loading (POL).

3. Can I purchase Cargo Shield only for selective containers within a booking?

Cargo Shield applies to the entire booking; hence all containers within this booking are protected up until the respective coverage amount.

4. Can I change the amount of containers in my booking after already purchasing Cargo Shield?

Subject to our Booking Amendment policy, Cargo Shield all only apply to those containers which are linked to a booking at the time of loading from the first POL.

5. Can I change from the Standard product to the Premium product or vice versa after I have already purchased it?

No, the coverage value cannot be changed after it has been purchased.
