Mexico – Revised Inland Tariff

December 31, 2018

Dear Customer,

We would like to inform you that with effect as from **February 1, 2019** Hapag-Lloyd will revise the Mexico import and export inland tariff.

Under this inland tariff, we offer following options:

- “In Tandem” movements, consisting of two containers on one truck.
- Single movements (if necessary), consisting of one container per truck.

Please be aware that in case a single movement should be requested, an additional charge of 50% on top of the relevant new inland tariff rate will apply as follows:

- For Exports: **ITO** (Inland Transport Add. Origin)
- For Imports: **ITD** (Inland Transport Add. Destination)

The single movement offer is subject to truck availability, route and container type. Please note that such service request must be submitted with a minimum of 72 hours in advance.

For further information, please contact your local Hapag-Lloyd office.

Kind regards,

Hapag-Lloyd AG
