

### ICS2 update : Supplemental Information for Japan

Please refer to the information provided by the EU Commission on this matter, which can be accessed through the following [link](#). You can also find relevant details in the [FAQ](#) section of our website.

- ✚ First of all, the ["New SI" on our website is](#) currently being changed in conjunction with ICS2 Release 3. If you provide shipping instruction and additional information via [New SI], we will be able to receive accurate information and declare it to the EU, so please consider using it after the change is completed.
- ✚ If you would like to send your Shipping Instruction via NACCS and are able to input the required information in Remark column (with a limit of up to 300 characters) on the ACL01 screen, you may kindly submit it through that platform.

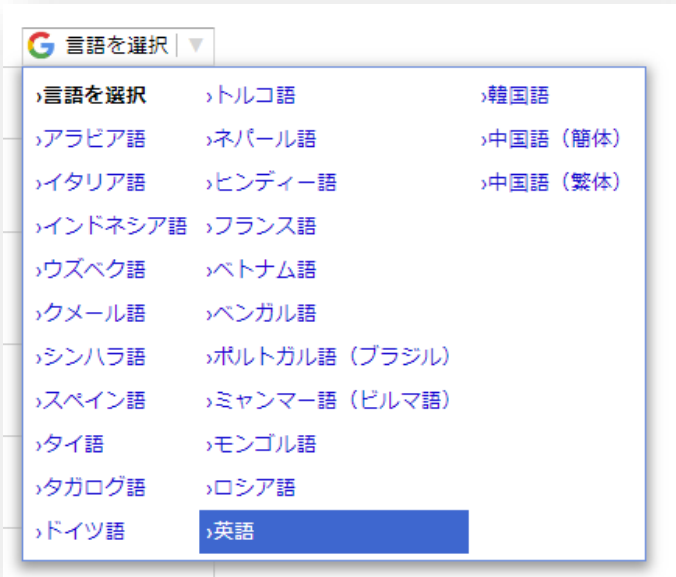

- ✚ If it is difficult to provide the required information using the two methods mentioned above, you may submit the additional information required for ICS2 through our web form below.  
Web Form address: [ICS2\\_Supplementary\\_Data\\_for\\_Straight\\_B/L](#)
- ✚ You can click the button below on our homepage to open the additional information entry form.

On the top and right side, you can choose language
