THE TRAIN DOESN'T JUST COMPETE... IT WINS!

Your Benefits

- The average transit time from Lázaro Cárdenas to Monterrey **can be up to 2 days faster than trucking**, thanks to reduced waiting times for port appointments
- **Immediate savings:** Like all other Hapag-Lloyd CH services, rail includes port maneuvers at no extra cost (no public tariffs)
- **One train can carry up to 240 containers** in a single trip – equivalent to 120 trucks. If each load weighs more than 23 tons (up to 26 tons), that's 240 containers moved efficiently
- Rail allows for more **accurate planning**
- Rail offers **greater security** and significantly fewer incidents
- With rail, you **avoid rescheduling and penalties**
- Rail emits only 25-40 grams of CO₂ per ton-kilometer, while trucks emit 100-150 grams – making **rail up to four times cleaner** and your operation more environmentally friendly
