Export Customs Declaration

HM Revenue and Customs new export system (NES) is operational in all maritime ports in the United Kingdom. The implementation of NES has a significant impact on export procedures as an export declaration must be submitted to the HM Revenue and Customs system CHIEF (Customs Handling of Import and Export Freight) computer. All shipments must now receive a positive clearance from HM Revenue and Customs **before** they can be loaded and leave the UK Frontier.

If you would like Hapag-Lloyd to submit an export declaration on your behalf, we require you to complete, **sign** and despatch this form to us **no later than one working day (Monday to Friday) prior to the vessel's advertised close-off time**. Any incomplete or unsigned forms will prevent us from making the declaration thereby preventing the export of the shipment. Hapag-Lloyd will not accept responsibility or liability for any loss or damages incurred due to shipments missing their intended vessel if we are unable to submit the declaration due to insufficient or inaccurate information, late notification.

if you require Hapag-Lloyd to submit an export declaration to HM Revenue and Customs on your behalf, **please complete, sign and then send all sections** of your Export Declaration information to Hapag-Lloyd (**either by fax to 020 8507 4193 or electronically to NESEntries@hlag.com**).

Authorisation

We confirm that the information provided is complete and accurate and hereby authorise Hapag-Lloyd to act as our direct representative for submitting an Export Declaration to HM Revenue and Customs on our behalf.

Company Name	<input type="text"/>	Name of Signatory	<input type="text"/>
Signature	<input type="text"/>	Date	<input type="text"/>

In accordance with H.M.R.C. Regulations, the EORI (Economic Operator Registration and Identification) must be that of the exporter, e.g. owner of the goods or who has a similar right of disposal. The below UCR (Unique Consignment Reference) number must therefore contain this EORI as part of its construction.

UCR Number

Last Digit of Year	EORI (VAT number plus 3 digit suffix)	Exporter's reference number (up to 19 characters)
