

## Local UPDATE

Buenos Aires, May 24th, 2023

Dear customer,

Earlier in the month, you might have received a mail concerning the payment modality for imports to Argentina. In this mail, we specified that import shipments' payments to Argentina must be paid at the origin (prepaid modality) starting on May 19, 2023.

In addition to this information, due to current restrictions in Argentina regarding international freights remittances abroad, we inform you that all export payments will be accepted only at the destination country (collect modality). This measure will be in place for all vessels sailing from Argentina from June 12, 2023. Thinking about your cargo planning, we have listed below the first vessels to which this change will apply with their Estimated Time of Arrival (ETA) and the corresponding ports of departure:

- MV MSC LUSANNE V. 2321N, ETA Buenos Aires, AR June 23, 2023
- MV SEASPAN HARRIER V. 2317E, ETA Buenos Aires, AR June 13, 2023
- MV CAPE AKRITAS V. NA324R, ETA Buenos Aires, AR June 12, 2023

For your reference, the above are temporary measures, and we will update you of the developments as soon as they are available. If you should require additional information, please contact our team in Argentina who will assist you based on your individual situation.

Best regards,
