

Quick Quotes Spot Terms & Conditions

For the following types of containers, Quick Quotes Spot is currently offered on certain trades, and for certain commodities: 20ft standard shipping containers, 40ft standard shipping containers, 40ft standard high cube. The following container types are excluded: shipper- owned containers, and Special Equipment (In Gauge or Out of Gauge).

For the following types of reefer containers, Quick Quotes Spot is currently offered on certain trades and for Freight All Kind (FAK): only 20ft reefer, 40ft reefer high cube, and 40ft non- operated reefer shipping containers.

Quick Quotes Spot is not available for Dangerous Goods nor for cargo with Special Handling such as but not limited to Flexitank, Hides – Wet, Blue, Lithium Battery, Metal Scrap, Logs/Timber, Military Cargo, Foodgrade, Active Carbon, Carbon Black, Charcoal.

Booking Party may at the time of booking combine this product with pre- carriage and/or on-carriage inland transportation services in carrier's haulage. For shipments to be carried in operative reefer shipping containers, the provision of inland pre-carriage services will be subject to the availability of genset and payment of additional rates and charges. Rates and charges applicable for booked inland services will be included in the Rate Confirmation, except in the case of shipments to be carried in operative reefer shipping containers, where the applicable charges will be informed after confirmation of genset availability.

Quick Quotes Spot Shipments are subject to the terms and conditions of the [Carrier's Bill of Lading/Sea Waybill Terms and Conditions](#) and the terms of the [Carrier's Governing Tariff](#) (including conditions for [Freetime](#) and the purchasing of Additional Freetime, all of them available in the Carrier's website), the Rate Confirmation and Booking Confirmation as amended and supplemented by the following additional terms and conditions, which are accepted by the Booking Party:

1. **Booking Party Commitment:** The Booking Party guarantees that the booked containers will be provided on time as stated in the Booking Confirmation, meeting all relevant cut-off times and other applicable requirements. This means the Booking Party needs to ensure that the cargo is ready to be loaded by the relevant cut-off time, including but not limited to having performed all activities related to customs, ports and/or other authorities or other regular activities required to load the cargo. For operative reefer shipping containers, the Booking Party must comply with the [Reefer Cargo Handling](#) established by the Carrier. The Booking Party guarantees that the address information of the place of receipt and/or place of final delivery is accurate, as applicable, in the cases where inland transportation services are booked. The address information provided by the Booking Party is subject to verification by the Carrier. Notwithstanding the Booking Confirmation, the Carrier may cancel the booking of a Quick Quote Spot shipment, without further liability, if the Booking Party fails to provide accurate address information. For operative reefer the loading time is required to accomplish the correct reefer handling process (in case of time reserved at coldstore should be aligned with the Carrier).
2. **Carrier Commitment:**
 - a) In the case of shipments beginning at the Port of Loading, Carrier shall make available the equipment on the date and at the location specified in the Booking Confirmation. Carrier may consent to the request from the inland carrier nominated by the shipper, to reuse an equipment after being emptied from an import shipment, without involving a depot ("Equipment street turn"), instead of picking up the container at the location and date informed in the Booking Confirmation. In case of Equipment street turns, Carrier's commitment to make available the equipment at the location and date specified in the Booking Confirmation will be deemed satisfied. If the Booking Party does not want to receive a street-turned equipment, it is the Booking Party's responsibility to instruct the inland carrier accordingly.

For shipments including pre-carriage inland services, Carrier will make reasonable efforts to provide the empty containers on the date selected by the Booking Party and stated in the Booking Confirmation, such date is however subject to verification by the Carrier and Carrier reserves the right to request a change of date.

b) Carrier guarantees, that the Quick Quotes Spot Shipment container will be loaded on the intended vessel as confirmed in the Booking Confirmation and that it will not be rolled to another seagoing voyage at the Port of Loading nor in a subsequent transshipment port. In the case of shipments with transshipment and further on carriage feeder voyage, the Carrier guarantees to load the container on the next available vessel after arrival at the transshipment port. If the Booking Confirmation includes inland pre-carriage services, Carrier guarantees that the booked inland transportation services will be timely available to ensure that the Quick Quotes Spot Shipment container will be loaded on the intended vessel as confirmed in the Booking Confirmation. Carrier is relieved of the aforementioned commitments when rollings or non-availability of inland services are due to reasons out of the control of the Carrier or in case of Force Majeure. In case the shipment combines ocean carriage with inland on-carriage, Carrier commits to make reasonable efforts and to give the QQ Spot Shipment priority, for the provision of inland services. Carrier's haulage is however subject to availability and not guaranteed; Carrier may cancel the inland on-carriage portion, without further liability.

3. Unless otherwise explicitly committed, all dates and times in the Booking Confirmation for a Quick Quotes Spot Shipment are given as best reasonable estimates and are subject to changes.
4. In case the Booking Party cancels part or the entire shipment with more than 10 days in advance of the estimated time of departure, a Cancellation Fee will apply. The Cancellation Fee per container will be equal to 5% on the amount resulting from Seafreight ("SEA") plus the Marine Fuel Recovery Surcharge with a cap of USD 1200/ EUR 1200 / GBP 1200 per container and a minimum of USD 50 / EUR 50 / GBP 50 per container.
5. In case the Booking Party cancels part or the entire shipment within the 10 days prior to the estimated time of departure or, does not meet any cut-off times (inclusive providing the correct Verified Gross Mass (VGM) in time), or the shipping instruction and/or cargo tendered differs or is not fully consistent with the Booking Confirmation, a No-Show Fee will apply. The No Show Fee per container will be equal to 10% on the amount resulting from Seafreight ("SEA") plus the Marine Fuel Recovery Surcharge per container, with a cap of USD 1200/ EUR 1200 /GBP 1200 per container and a minimum of USD 100 /EUR 100 /GBP 100 per container.
6. Notwithstanding the aforementioned, if the cargo is anyhow tendered by the Merchant, the commitment under Section 2b) above becomes null and void and the Carrier may carry the cargo at its option, at the freight and surcharges set forth in the Rate Confirmation, plus charges as per the applicable Governing Tariff at time of shipment and any surcharges as per the applicable Governing Tariff as a direct consequence of the inconsistency between shipping instruction and Booking Confirmation such as but not limited to HLC, VGM, FIO.
7. In case the Booking Party cancels part or the entire shipment as a direct consequence of a vessel delay more than 10 days compared to the ETD stated in the first Booking Confirmation, no Cancellation Fee will be charged.
8. For the avoidance of doubt in case the Booking Party does not meet the relevant cut-off time for certain containers in a shipment, the Booking Party will only be requested to pay the relevant No-Show Fee for those containers.
9. The Booking Party, on the other hand, is entitled to a compensation per affected container of a Quick Quotes Spot Shipment which will be equal to 5% on the amount resulting from Seafreight ("SEA") plus the Marine Fuel Recovery Surcharge per container, with a cap of USD 1200 / EUR 1200 /GBP 1200 per container and a minimum of USD 50/ EUR 50/ GBP 50 per container (hereinafter "Compensation"), in any of the following situations:
 - a) In case the Carrier does not provide the guaranteed equipment on the date and location specified in the Booking Confirmation due to reasons within the control of the Carrier; and/or

b) In case the container is rolled to another seagoing voyage at any port of loading or in a subsequent transshipment port, if any, due to reasons within the control of the Carrier or where in the case of a feeder voyage at destination, the cargo is not loaded on the next available vessel after arrival at the transshipment port.

c) In case of a delay of more than 10 days in the vessel's departure compared to the original ETD stated in the first Booking Confirmation.

- Subsequent or multiple rollings of a container will not increase the Compensation. The Booking Party is entitled to receive the Compensation only once per affected container per Quick Quotes Spot Shipment.
- If the container is however transported on an alternative sailing within 2 days before or after the roll, no Compensation will become due.
- Notwithstanding the Compensation, Carrier will however make reasonable efforts to load the rolled container in the subsequent available sailing on the same liner service.
- Booking Party is not entitled to a Compensation in case Carrier cancels any inland on-carriage services booked for a Quick Quotes Spot Shipment.

10. The Parties agree that the Cancellation Fee and No-Show Fee set forth in Sections 4 and 5 above, and the Compensation set forth in 9 above, will be each affected party's sole remedy for the other party's failure to comply with its commitments under this agreement and in lieu of any other damages that could arise as a consequence of such failure.

11. The amount of Compensation will be set off against any sums due and payable by the Booking Party in connection with the confirmed Quick Quotes Spot Shipment. In case, the shipment has been cancelled prior to the departure date due to the Carrier failure to deliver its commitment, no Cancellation nor No-Show fee will apply, and the Compensation can be credited for future shipments, or invoiced by customer and paid to Carrier.

If the Carrier fails to comply with its commitment due to a port omission decided for reasons out of the control of the Carrier, then the Booking Party will not be entitled to the Compensation. Port omission means the cancellation of a scheduled vessel port call.

12. In case of cargo roll by HL, the freight and surcharges set forth in the Rate Confirmation remain unchanged for the subsequent vessel.

13. As a general rule, Booking Party is not allowed to request any changes to the Booking details as per the Booking Confirmation are allowed including but not limited to changes to the port of loading, place of receipt, changes to the voyage before loading, change of commodity, adding or cancelling inland pre-carriage, , changes of container type or increase in number of containers, retroactive booking adjustments, and changes to rates set forth in the Rate Confirmation..

The foregoing, with the following exceptions:

i. Soft Amendments: Change of customer reference, change of container pick-up location, weight change up to +3 TON (to the extent the change does not trigger a Heavy Lift Surcharge different from the one set forth in the Rate Confirmation and subject to the tonnage limit as per standard rules), weight changes downwards, additional inland on carriage, settings of operative reefer shipping containers. Soft Amendments are allowed once per Confirmed Booking.

ii. Amendments subject to an Amendment Fee of USD 50 per amendment: merge and split of bills of lading and split of bookings. These amendments can be requested until the departure date only.

iii. Change of destination:

Except for Quick Quotes Spot Shipments booked for the provision of ocean transportation services between the United States of America and a foreign country, the Booking Party may request a change of destination ("COD"). COD includes cancellation of inland on carriage, change of inland destination point, addition of inland destination point, change of port of discharge. The COD may be granted by the Carrier subject to operational feasibility and compliance with local customs rules and regulations. QQS amendment fee of U\$50 and documentation charges and COD charges as per local terms will apply.

Re Rating of the QQSPOT Shipment: Upon request for a COD, Carrier will provide a new quotation for the carriage to the new destination. Upon acceptance of the Booking Party of the new quoted rate, the Rate Confirmation and Booking Confirmation will be adjusted accordingly.

A change of the container pick-up location is acceptable, but the Equipment availability is guaranteed only at the locations (depots) listed at end of this document. If the Booking Party requests to change for a pick-up location not included in the list, the Carrier will make reasonable efforts to provide the Equipment but in case of non-availability, the Booking Party will not be entitled to the Compensation and the fees set forth in Sections 4 and 5 above, shall apply.

14. Payment of freight and charges is subject to payment terms as per Carrier's Governing Tariff unless otherwise agreed with payer.
15. The Booking Party agrees and accepts that it will be deemed a "Merchant", as defined in the applicable Bill of Lading or Sea Waybill Terms and Conditions of the Carrier. As such, that it will be jointly and severally liable to the Carrier for all the obligations and liabilities in regard to the Quick Quotes Spot Shipment as set forth in the relevant Bill of Lading or Sea Waybill, or as required by law. Any subsequent nomination of a Shipper or other party in relation to the Quick Quotes Spot Shipment shall be subject to discretionary acceptance of the Carrier. When nominating a Shipper or other party in relation to a Quick Quotes Spot Shipment the Booking Party warrants that it has authority to legally bind the nominated Shipper or other party in relation to the shipment. Should that not be the case, the Booking Party will assume full liability and shall indemnify the Carrier for any and all losses suffered, or costs incurred as a consequence of the absence of such authority.
16. Merchant shall comply with all regulations or requirements of customs, ports and/or other authorities, applicable to the Quick Quotes Spot Shipment. In particular, if the Quick Quotes Spot Shipment refers to the provision of the ocean transportation services between the United States of America and a foreign country, for the account of an NVOCC, then the Booking Party further certifies that all applicable regulatory requirements have been complied by such NVOCC, such as tariff(s) and financial surety as required by the U.S. Shipping Act of 1984. Merchant shall indemnify Carrier against all claims, losses, damages, expenses, fines, costs and attorneys' fees, arising or resulting from any breach of these obligations and warranties. Carrier may, at any time, reject or cancel a booking that does not comply with any applicable laws, regulations or requirements from authorities or is not in line with these terms and conditions and Carrier's Bill of Lading Terms and Conditions. QQ Spot shipments are subject to applicable US, EU or UK sanctions rules and regulations. This includes but is not limited to sanctioned persons and entities, including banks and financial institutions. Carrier reserves the right to require from the Booking Party (even after Booking Confirmation), additional documentation to ensure Merchant's compliance with the applicable rules and regulations. Furthermore, Carrier may decline or cancel any booking that Carrier has reasons to believe is not in compliance with the applicable rules and regulations, or where the required documentation is not provided; in such cases of cancellation by Carrier, Carrier will be entitled to the Cancellation Fee.
17. If the Quick Quotes Spot Shipment refers to the provision of the ocean transportation services between the United States of America and a foreign country, the Booking Party, agrees to conclude with Carrier a service contract, hereinafter "QQ Spot service contract" which will be filed with the Federal Maritime Commission. Terms and conditions of such Service Contract are available at this link: [Quick Quotes Spot Service Contract](#)
18. If the Booking Party is acting as an agent of a principal (e.g., cargo owner or NVOCC); the Booking party shall submit a Letter of Authority (LOA) from the principal before the cargo is tendered to Carrier and no later than 48 hours from the Booking Confirmation. The Carrier shall have the right to cancel any booking even after the Booking Confirmation, without the application of any Compensation, if:
 - no LOA has been timely provided by the Booking party
 - incorrect details/information on the shipment or the LOA have been provided by the Booking party
 - Booking party is found not to be an eligible Shipper under the applicable law.

19. The Rate Confirmation does not serve as a quotation and cannot be used by the Booking Party to place further bookings.
20. QQ Spot price (Ocean Freight) is inclusive of the Shipping Guarantee Fee (SGF) for the cargo sailing from China and impacted by the SSE regulation.
21. Merchant shall be subject to any rule in the Governing Tariff(s) establishing a charge relating to any extraordinary circumstances or charges arising or taking effect subsequent to the effective date of the "Quick Quotes Spot Offer" such as but not limited to strike, lockout, work stoppage, or any other labor unrest; congestion; security requirements or costs; taxes, fees or charges levied by any federal, state or local governmental entity.
22. Force Majeure. In the event of force majeure circumstances, including work stoppages, strikes, port congestions, accidents, casualties, lockouts, fire, road, marine or rail disasters, epidemic, pandemic, acts of God, acts of terrorism or piracy, cyber security incident, governmental restraints, war or hostilities, embargoes or other similar conditions, but not commercial contingencies (e.g., changing markets, poor management decisions, business declines, bankruptcy of a customer or of a supplier, etc.), the Booking Party or Carrier shall notify the other party in writing within ten (10) working days of the existence of such circumstances and of the effect on its ability to perform its obligations hereunder. In case of such notice of force majeure conditions, the party affected by the force majeure event shall be excused from its obligations under Quick Quotes Spot to the extent of and for the duration of the disability. Upon cessation of force majeure circumstances, the Quick Quote Spot obligations shall be reinstated.
