

SE2 - Temporary Schedule Adjustments

Dear Customer,

Due to the operational challenges and heavy congestion experienced in recent weeks at Genoa VTE terminal, which required us to implement several contingency measures and schedule adjustments recently, we would like to inform you of the following update regarding the SE2 service:

As a temporary measure, starting with **MV Eleonora Maersk** — previously scheduled to call **Genoa (ITGOA)** on **19 August 2025** — we will temporarily omit VTE Genoa calls for the following vessels and divert operations to Vado APMT:

Previous ITGOA Call	Voyages	Vessel Name
19 August 25	527W / 533E	Eleonora Maersk
26 August 25	528W / 534E	Maersk Havana
02 September 25	529W / 535E	Arthur Maersk
09 September 25	530W / 536E	Ane Maersk
16 September 25	531W / 537E	Alette Maersk
23 September 25	532W / 538E	Maersk Hidalgo

Imports will end the voyage in Vado Ligure while Exports will be diverted to Vado Ligure. Therefore, we kindly invite you to place your future booking on SE2 via Vado Ligure, until the terminal congestion is resolved.

This measure will remain in effect for the next 5 vessels after Eleonora Maersk (533E) as well until further notice. We will continue to monitor the situation closely and reassess it regularly, with the aim of resuming normal operations as soon as feasible.

We appreciate your understanding and cooperation as we work to minimize disruption and maintain service reliability. If you should require additional information, please contact our customer service team at your [location](#) who will be happy to guide you based on your individual situation.

Best Regards,
