

Important – Vessel Call Admissions (Barcelona – Valencia)

Dear Customers,

To avoid any inconvenience when picking up your containers, we remind you of the importance of verifying in advance that the corresponding vessel call has active admission at the terminal.

You can easily check this through the following links:

If a container is picked up and the vessel call is closed at the port, it will be necessary to process a document change, which incurs a cost of EUR 150 (TMO).

Our goal is to help you avoid unnecessary expenses and procedures, so we appreciate your cooperation in following this process. Should you have any questions, we are at your disposal.

Best regards, Hapag Lloyd
