Express services, 24/7 support from our sales force, modern reefer fleet: At Hapag-Lloyd we make sure your citrus arrive fresh at their destination. Citrus are a sensitive valuable commodity and require a high level of expertise to transport. Providing you with best-class service is therefore our top priority. We know that equipment quality is vital. However, it is also the “human touch” that we believe sets us apart. That is why we rise to the challenge of safeguarding the quality of your citrus and can ensure that your cargo is kept in its optimal condition, no matter where or when.

Our Offer

- One of the largest reefer carriers on the market
- A global reefer carrier with more than 100,000 reefer containers
- A young container fleet and continuous investments in reefer equipment and technology over the last years
- In 2019 we increased our fleet with around 13,400 refrigerated containers
- We can cater to your citrus business with most of our fleet
- Strong focus on reefer fleet steering to ensure our equipment is where and when you need it
- Very new and dedicated product (IEX) carrying your citrus to North Europe and Indian Subcontinent destinations.
- A reliable quality carrier for reefer transportation with a global network of reefer experts available to support you
- Our reefer professionals have in-depth knowledge and expertise in handling citrus fruits
- Our reefer team is available 24/7 during the season

Your Benefit

- IEX service connects Damietta and Rotterdam fast, in only 10 days
- Reliable connection to London Gateway in 12 days
- A comprehensive network of feeders ensures flexible delivery of your citrus to other destinations in North Europe
- Your perishable cargo is in good hands with Hapag-Lloyd’s experienced staff
- System-supported and globally implemented reefer cargo processes ensure that your citrus fruits are getting the special attention they deserve
- Reduced costs due to improved supply chain integrity
