Our quality promise to you?
We have set ourselves the goal to load at least 95 percent of our customer’s containers as per booking confirmation.

What does this quality promise mean?
When Hapag-Lloyd handles your cargo, we promise that it will be loaded at first load port on a voyage as per your booking confirmation. We also commit to a pro-active communication, informing you on time about contingency plans, whenever anything unexpected happens with your shipment.

We will be sparing you these headaches and inconveniences by loading your cargo as booked in 95% of the time or more. We will significantly lower the number of rolls, improve your supply chain flow, boost your planning security and reduce administrative work related to rolled cargo. As a result, you will not only save time you can devote to other important tasks, but also money through reduced commercial costs and liabilities. And you will be able to safeguard your reputation as a reliable logistics/business partner.
