

# Your CGX connectivity at a glance

Your cargo planning with our China Germany Express (CGX) service just got simpler. With the introduction of Wilhelmshaven as our port of call in Germany, we have ensured to offer solutions to connect this port with inland locations in Germany, Austria, Switzerland, Czech Republic, Hungary, and Slovakia.

## Your Benefits

- The fastest connection between China and Germany with 27-days transit time
- Reliable connection with immediate berth access at Wilhelmshaven to enable your cargo availability
- Carrier's Haulage inland solution at competitive rates and uninterrupted service to locations in Europe
- Dynamic development of feeder connections at Wilhelmshaven to and from multiple European locations
- Shuttle rail connection between Wilhelmshaven and Hamburg

In addition, our CGX service at Da Chan Bay, China counts with barge and feeder networks to bridge the rest of Asia with the fastest link between China and Germany.

To assist your cargo planning, you can use our vessel tracker on our website to view our vessels' latest Estimated Times of Arrival and Departure.
